PLACEMENTS & LOCATIONS

Looking for a truly unexplored, off-the-beaten path destination to teach English abroad where you can drink gobs of coconut fruit shakes with no judgment? Cambodia is the Holy Grail. Most of the country is very rural, so you're much more likely to stumble upon quaint local villages than hordes of fellow ESL teachers.

LOCATIONS:

In terms of placement locations, the vast majority of placements are in the capital city of Phnom Penh and in the second largest city of Siem Reap, home to Angkor Wat, one of the most majestic ancient cities in the world and a very popular tourist destination.

THE INTERNSHIP:

Over the past two decades, Cambodia has grown quickly, with increasing demand for English language education, leading to an influx of English teachers into the country, good teaching salaries, and high quality of life. It is also a very safe environment for foreigners and there is a large expat population.

For these reasons, Cambodia is a great country in which to teach English.

SCHOOL PLACEMENTS:

English Teachers in Cambodia teach in language schools and private schools. Most people in Cambodia send their children to private schools as the quality of public-school education is very low.

PERKS:

You can earn a monthly salary of \$1,000. There is also a 7-day welcome orientation and excursions in Phnom Penh, lesson planning guide, teacher development workshop, teacher development workshops, accommodation assistance and ongoing in-country support - These have been created to provide you with real, comprehensive knowledge of everything you need to become a confident, influential TEFL teacher — in Cambodia and beyond!

YOUR TEACHING EXPERIENCE

Whether you are a first-time or seasoned teacher, our 120 Premier TEFL Course will cover all areas of how to teach English in Cambodia.

Remember your teaching hours will differ between language schools and private schools. Private language schools are busiest Saturday and Sunday so teachers work many classes on the weekends and then have time off during the week. Private and international schools usually run Monday to Friday and so teachers work during the week and have the weekends off.

Note that for language schools teaching days vary from 5 to 6 days of teaching per week. If teaching 6 days per week, the teacher is given multiple paid vacation days to offset.

Most positions are teaching young learners but there are also some high school positions. Teaching hours per week range from 22 to 30 or 4.5 to 6 hours of teaching per day.

Schools provide an English teaching curriculum for teachers to follow. Class sizes range from 15 to 25 students.

FIVE REASONS WHY TO TEACH IN CAMBODIA

- 1 **Highest Paid Vacation.** It has the highest number of paid vacation days of any country that we know of, with 18 Days! That doesn't even count public holidays which are about 20 per year. This means that the average teacher will have nearly 40 days a year to do extensive traveling throughout the region.
- 2 **Highest Salary for Non-degree Holders.** While we put the low end of salary at 700 the average non-degree holder is making around USD 1,000 per month and that can go all the way up to USD 1,800. This makes Cambodia one of the highest paying countries for non-degree holders.
- 3 **Highest Savings Potential.** With the generous wages and very low cost of living, Cambodia has some of the highest savings potential of any country in the TESOL / TEFL universe with up to and even exceeding 50%.
- 4 **Highest Guaranteed Income Growth.** In many countries, teachers' salaries from the first to the second contract are flat or only go up by around USD 50-100 per month. Not Cambodia! There are many teaching positions and demand for teachers with Cambodia teaching experience is high, making Cambodia the teaching income growth destination for those serious about building a career in TESOL. This holds especially true for non-degree holders.
- 5 **Easiest Country to Obtain a Work Permit.** We drop the "Highest" superlative for this final reason, but it is still a major one. It's super easy to get a work permit in Cambodia. Forget about legalized docs, original docs, transcripts, letters of recommendation, etc. None of that stuff is needed. Just a copy of your diploma and a third party criminal check and you're good to go. Also, NO VISA TRIPS!

VERIFIED TEFL INSTITUTE TESTIMONIALS

If you are a first time teacher, it will help you step out of your comfort zone and teach you so much about life. Even if you are not planning on teaching forever, you will gain so many skills, and you will be able to re-use them for anything you will do after."
